

Merck Vaccines Supply Status

For more information on Merck vaccines, please visit MerckVaccines.com or call 1.877.VAX.MERCK.

Posted 02.08.10

The following is an update on the supply status of select Merck vaccines for direct purchase; for all non-direct purchases, please check the status of your order with your respective supplier. To receive an e-mail when there is a change in status, go to <http://www.merckvaccines.com/srv/gw/supplystatusemail/optin.jsp>. Highlighted information indicates a change from prior memo. **Note: Delivery of the entire order in 2 business days from order date.***

Products available for order and with standard shipping will not appear on this memo. To place an order, please visit MerckVaccines.com or call the Merck Vaccine Customer Center at 1-877-VAX-MERCK (1-877-829-6372). For direct purchase customers who are wholesalers and physician distributors, please contact your National Account Director or call the Order Management Center at 1-800-MERCK-RX (1-800-637-2579).

Product	NDC 0006-	Package Size	Status	Notes

*Subject to customer office hours. Private direct orders only. Merck reserves the right to adjust shipping delivery times.

**Adequate supply exists for M-M-R® II (Measles, Mumps, and Rubella Virus Vaccine Live) and VARIVAX® (Varicella Virus Vaccine Live)

Monovalent vaccines no longer available for measles, mumps, rubella -

Based on input from the Advisory Committee on Immunization Practices (ACIP), professional societies, scientific leaders, and customers, Merck has decided not to resume production of ATTENUVAX® (Measles Virus Vaccine Live), MUMPSVAX® (Mumps Virus Vaccine Live), and MERUVAX®II (Rubella Virus Vaccine Live). This science-based decision will support vaccination of the largest group of appropriate individuals. Merck will continue to focus necessary resources to ensure that they can help meet current and future global public health needs for their combination measles, mumps and rubella vaccine, M-M-R®II (Measles, Mumps, and Rubella Virus Vaccine Live).
