

Deltamethrin (1%) Liquid Formulation

Version	Revision Date:	SDS Number:	Date of last issue: 09/30/2023
1.4	11/03/2023	10853017-00005	Date of first issue: 09/15/2022

SECTION 1. IDENTIFICATION

Product name	:	Deltamethrin (1%) Liquid Formulation
Other means of identification	:	No data available

Manufacturer or supplier's details

Company name of supplier	:	Merck & Co., Inc
Address	:	126 E. Lincoln Avenue
		Rahway, New Jersey U.S.A. 07065
Telephone	:	908-740-4000
Emergency telephone	:	1-908-423-6000
E-mail address	:	EHSDATASTEWARD@merck.com

Recommended use of the chemical and restrictions on use

Recommended use	:	Veterinary product
Restrictions on use	:	Not applicable

SECTION 2. HAZARDS IDENTIFICATION

GHS classification in accore	dan	ce with the Hazardous Products Regulations
Skin sensitization	:	Sub-category 1A
Carcinogenicity	:	Category 1B
Reproductive toxicity	:	Category 2
Specific target organ toxicity - repeated exposure (Oral)	:	Category 1 (Central nervous system, Immune system)
Specific target organ toxicity - repeated exposure (Inhalation)	:	Category 1 (Central nervous system)
GHS label elements Hazard pictograms	:	
Signal Word	:	Danger
Hazard Statements	:	 H317 May cause an allergic skin reaction. H350 May cause cancer. H361fd Suspected of damaging fertility. Suspected of damaging the unborn child. H372 Causes damage to organs (Central nervous system, Immune system) through prolonged or repeated exposure if swallowed. H372 Causes damage to organs (Central nervous system) through prolonged or repeated exposure if inhaled.

according to the Hazardous Products Regulations

Deltamethrin (1%) Liquid Formulation

Version 1.4	Revision Date: 11/03/2023	SDS Number: 10853017-00005	Date of last issue: 09/30/2023 Date of first issue: 09/15/2022
Preca	utionary Statements	P202 Do not ha and understood P260 Do not bre P264 Wash skir P270 Do not ea P272 Contamina the workplace. 		P308 + P313 IF P333 + P313 If tion.	ON SKIN: Wash with plenty of water. exposed or concerned: Get medical attention. skin irritation or rash occurs: Get medical atten- ake off contaminated clothing and wash it before
		Storage: P405 Store lock	ed up.
		Disposal: P501 Dispose o disposal plant.	f contents and container to an approved waste

Other hazards

Cutaneous sensations may occur, such as burning or stinging on the face and mucosae. However, these sensations cause no lesions and are of a transitory nature (max. 24 hours).

SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

Substance / Mixture : Mixture

Components

Chemical name	Common Name/Synonym	CAS-No.	Concentration (% w/w)
Propylene glycol	1,2-Propanediol	57-55-6	6
Deltamethrin (ISO)	No data availa- ble	52918-63-5	1
Formaldehyde	Methyl aldehyde	50-00-0	0.34
Methanol	Methyl alcohol	67-56-1	>= 0.09 - <= 0.14

SECTION 4. FIRST AID MEASURES

General advice

: In the case of accident or if you feel unwell, seek medical advice immediately.

When symptoms persist or in all cases of doubt seek medical advice.

Version 1.4	Revision Date: 11/03/2023	SDS Number: 10853017-00005	Date of last issue: 09/30/2023 Date of first issue: 09/15/2022
lf in	haled	: If inhaled, remov Get medical atte	
	ase of skin contact	of water. Remove contam Get medical atte Wash clothing be Thoroughly clear	efore reuse. n shoes before reuse.
In c	ase of eye contact		water as a precaution. ntion if irritation develops and persists.
If sv	vallowed	Get medical atte) NOT induce vomiting. ntion. roughly with water.
and	st important symptoms l effects, both acute and ayed	: May cause an al May cause canc Suspected of da unborn child. Causes damage exposure if swal Causes damage exposure if inhal This product cor	lergic skin reaction. er. maging fertility. Suspected of damaging the to organs through prolonged or repeated lowed. to organs through prolonged or repeated ed. itains a pyrethroid. ning should not be confused with carbamate
Pro	tection of first-aiders	: First Aid respond and use the reco	ders should pay attention to self-protection, ommended personal protective equipment ial for exposure exists (see section 8).
Not	es to physician		tically and supportively.

SECTION 5. FIRE-FIGHTING MEASURES

Suitable extinguishing media	:	Water spray Alcohol-resistant foam Carbon dioxide (CO2) Dry chemical
Unsuitable extinguishing media	:	None known.
Specific hazards during fire fighting	:	Exposure to combustion products may be a hazard to health.
Hazardous combustion prod- ucts	:	Carbon oxides Nitrogen oxides (NOx) Bromine compounds
Specific extinguishing meth- ods	:	Use extinguishing measures that are appropriate to local cir- cumstances and the surrounding environment. Use water spray to cool unopened containers. Remove undamaged containers from fire area if it is safe to do so. Evacuate area.
Special protective equipment for fire-fighters	:	In the event of fire, wear self-contained breathing apparatus. Use personal protective equipment.

SECTION 6. ACCIDENTAL RELEASE MEASURES

Vers 1.4	sion	Revision Date: 11/03/2023		S Number: 353017-00005	Date of last issue: 09/30/2023 Date of first issue: 09/15/2022
	tive equ	al precautions, protec- ipment and emer- procedures	:		ective equipment. ng advice (see section 7) and personal ent recommendations (see section 8).
	Environ	mental precautions	:	Prevent spreading oil barriers). Retain and dispos	akage or spillage if safe to do so. Jover a wide area (e.g., by containment or e of contaminated wash water. hould be advised if significant spillages
		s and materials for ment and cleaning up	:	For large spills, pr containment to ke can be pumped, s container. Clean up remainin absorbent. Local or national r disposal of this ma employed in the c determine which r Sections 13 and 1	absorbent material. ovide diking or other appropriate ep material from spreading. If diked material tore recovered material in appropriate ag materials from spill with suitable egulations may apply to releases and aterial, as well as those materials and items eanup of releases. You will need to egulations are applicable. 5 of this SDS provide information regarding tional requirements.

SECTION 7. HANDLING AND STORAGE

Technical measures	:	See Engineering measures under EXPOSURE CONTROLS/PERSONAL PROTECTION section.
Local/Total ventilation	÷	If sufficient ventilation is unavailable, use with local exhaust ventilation.
Advice on safe handling	:	Do not get on skin or clothing. Do not breathe mist or vapors. Do not swallow. Avoid contact with eyes. Wash skin thoroughly after handling. Handle in accordance with good industrial hygiene and safety practice, based on the results of the workplace exposure assessment Keep container tightly closed. Do not eat, drink or smoke when using this product. Take care to prevent spills, waste and minimize release to the environment
Conditions for safe storage	:	Keep in properly labeled containers. Store locked up. Keep tightly closed. Store in accordance with the particular national regulations.
Materials to avoid	:	Do not store with the following product types: Strong oxidizing agents Self-reactive substances and mixtures Organic peroxides Explosives

			ceases)		
Engineering measures		 Use appropriate engineering controls and manufacturing technologies to control airborne concentrations (e.g., dripless quick connections). All engineering controls should be implemented by facility design and operated in accordance with GMP principles to protect products, workers, and the environment. Containment technologies suitable for controlling compoun are required to control at source and to prevent migration o the compound to uncontrolled areas (e.g., open-face containment devices). Minimize open handling.

Special precautions for user

The transport classification(s) provided herein are for informational purposes only, and solely based upon the properties of the unpackaged material as it is described within this Safety Data Sheet. Transportation classifications may vary by mode of transportation, package sizes, and variations in regional or country regulations.

SECTION 15. REGULATORY INFORMATION

The ingredients of this product are reported in the following inventories:

AICS	:	not determined
DSL	:	not determined
IECSC	:	not determined

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and shall not be considered a warranty or quality specification of any type. The information provided relates only to the specific material identified at the top of this SDS and may not be valid when the SDS material is used in combination with any other materials or in any process, unless specified in the text. Material users should review the information and recommendations in the specific context of their intended manner of handling, use, processing and storage, including an assessment of the appropriateness of the SDS material in the user's end product, if applicable.
