		<b>Storage:</b> P405 Store locl	ked up.
		<b>Disposal:</b> P501 Dispose of contents and container to an approved w disposal plant.	

#### Other hazards

Dust contact with the eyes can lead to mechanical irritation. Contact with dust can cause mechanical irritation or drying of the skin.

#### SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

Substance / Mixture	: Mix	ture
Oubstance / Innitiance		uno

#### Components

Chemical name	CAS-No.	Concentration (% w/w)				
Gonadotropin, pregnant mare serum	9002-70-4	>= 1 - < 5				
Gonadotropin, chorionic	9002-61-3	>= 1 - < 5				
Actual concentration is withheld as a trade secret						

Actual concentration is withheld as a trade secret

### **SECTION 4. FIRST AID MEASURES**

General advice	<ul> <li>In the case of accident or if you feel unwell, seek medical advice immediately.</li> <li>When symptoms persist or in all cases of doubt seek medica advice.</li> </ul>	ıl
If inhaled	: If inhaled, remove to fresh air. Get medical attention.	
In case of skin contact	<ul> <li>In case of contact, immediately flush skin with soap and plen of water.</li> <li>Remove contaminated clothing and shoes.</li> <li>Get medical attention.</li> <li>Wash clothing before reuse.</li> <li>Thoroughly clean shoes before reuse.</li> </ul>	ty
In case of eye contact	: If in eyes, rinse well with water. Get medical attention if irritation develops and persists.	
If swallowed	<ul> <li>If swallowed, DO NOT induce vomiting.</li> <li>Get medical attention.</li> <li>Rinse mouth thoroughly with water.</li> </ul>	

## Human Gonadotropin Chorionic / Serum Gonadotropin Formulation

Version 8.2	Revision Date: 02/22/2024	-	OS Number: 6543-00021	Date of last issue: 09/30/2023 Date of first issue: 05/03/2016		
Most important symptoms and effects, both acute and delayed		:	<ul> <li>May damage fertility. Suspected of damaging the unborn child.</li> <li>Causes damage to organs through prolonged or repeated exposure.</li> <li>Contact with dust can cause mechanical irritation or drying of the skin.</li> </ul>			
Protection of first-aiders Notes to physician			Dust contact with the eyes can lead to mechanical irritation. First Aid responders should pay attention to self-protection, and use the recommended personal protective equipment when the potential for exposure exists (see section 8). Treat symptomatically and supportively.			

#### **SECTION 5. FIRE-FIGHTING MEASURES**

Suitable extinguishing media	:	Water spray Alcohol-resistant foam Carbon dioxide (CO2) Dry chemical
Unsuitable extinguishing media	:	None known.
Specific hazards during fire fighting	:	Avoid generating dust; fine dust dispersed in air in sufficient concentrations, and in the presence of an ignition source is a potential dust explosion hazard. Exposure to combustion products may be a hazard to health.
Hazardous combustion prod- ucts	:	Carbon oxides Nitrogen oxides (NOx) Sulfur oxides Metal oxides Oxides of phosphorus
Specific extinguishing meth- ods	:	Use extinguishing measures that are appropriate to local cir- cumstances and the surrounding environment. Use water spray to cool unopened containers. Remove undamaged containers from fire area if it is safe to do so. Evacuate area.
Special protective equipment for fire-fighters	:	In the event of fire, wear self-contained breathing apparatus. Use personal protective equipment.

#### SECTION 6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protec- tive equipment and emer- gency procedures	:	Use personal protective equipment. Follow safe handling advice (see section 7) and personal protective equipment recommendations (see section 8).
Environmental precautions	:	Avoid release to the environment. Prevent further leakage or spillage if safe to do so. Retain and dispose of contaminated wash water. Local authorities should be advised if significant spillages cannot be contained.
Methods and materials for	:	Sweep up or vacuum up spillage and collect in suitable

according to the OSHA Hazard Communication Standard

Version 8.2	Revision Date: 02/22/2024	SDS Nu 636543		Date of last issue: 09/30/2023 Date of first issue: 05/03/2016	
containment and cleaning up		Avo with Dus surf rele Loc: disp emp dete Sec	container for disposal. Avoid dispersal of dust in the air (i.e., clearing dust surfaces with compressed air). Dust deposits should not be allowed to accumulate on surfaces, as these may form an explosive mixture if they are released into the atmosphere in sufficient concentration. Local or national regulations may apply to releases and disposal of this material, as well as those materials and items employed in the cleanup of releases. You will need to determine which regulations are applicable. Sections 13 and 15 of this SDS provide information regarding certain local or national requirements.		
SECTION	7. HANDLING AND ST	ORAGE			
Techr	ical measures	cau: Prov	sing an explo vide adequate	nay accumulate and ignite suspended dust sion. e precautions, such as electrical grounding nert atmospheres.	
Local/	Total ventilation	on : If sufficient ventilation is unavailable, use with lo ventilation.			

		ventilation.
Advice on safe handling	:	Do not get on skin or clothing.
		Do not breathe dust.
		Do not swallow.
		Avoid contact with eyes.
		Wash skin thoroughly after handling.
		Handle in accordance with good industrial hygiene and safety
		practice, based on the results of the workplace exposure
		assessment
		Keep container tightly closed.
		Minimize dust generation and accumulation.
		Keep container closed when not in use.
		Keep away from heat and sources of ignition.
		Take precautionary measures against static discharges.
		Do not eat, drink or smoke when using this product.
		Take care to prevent spills, waste and minimize release to the
		environment.
Conditions for safe storage	:	Keep in properly labeled containers.
		Store locked up.
		Keep tightly closed.
		Store in accordance with the particular national regulations.
Materials to avoid	:	Do not store with the following product types:
		Strong oxidizing agents
		Self-reactive substances and mixtures
		Organic peroxides
		Explosives
		Gases

Components	CAS-No.	Value type	Control parame-	Basis

Components	CAS-No.	Value type (Form of exposure)	Control parame- ters / Permissible concentration	Basis
Gonadotropin, pregnant mare serum	9002-70-4	TWA	4 µg/m3 (OEB 4)	Internal
		Wipe limit	40 µg/100 cm2	Internal
Gonadotropin, chorionic	9002-61-3	TWA	OEB 4 (3 µg/m3)	Internal
		Wipe limit	25 µg/100 cm <sup>2</sup>	Internal

**Engineering measures** 

: Minimize workplace exposure concentrations. Apply measures to prevent dust explosions. Ensure that dust-handling systems (such as exhaust ducts, dust collectors, vessels, and processing equipment) are designed in a manner to prevent the escape of dust into the work area (i.e., there is no leakage from the equipment). If sufficient ventilation is unavailable, use with local exhaust ventilation.

### Personal protective equipment

Respiratory protection : General and local exhaust ventilation is recommended to maintain vapor exposures below recommended limits. Where concentrations are above recommended limits or are unknown, appropriate respiratory protection should be worn. Follow OSHA respirator regulations (29 CFR 1910.134) and

### SECTION 10. STABILITY AND REACTIVITY

Reactivity Chemical stability Possibility of hazardous reac- tions	:	Not classified as a reactivity hazard. Stable under normal conditions. May form explosive dust-air mixture during processing, handling or other means. Can react with strong oxidizing agents.
Conditions to avoid	:	Heat, flames and sparks. Avoid dust formation.

according to the OSHA Hazard Communication Standard

## Human Gonadotropin Chorionic / Serum Gonadotropin Formulation

Incompatible materials : Oxidizing agents Hazardous decomposition : No hazardous decomposition products	are known.

## SECTION 11. TOXICOLOGICAL INFORMATION

#### Information on likely routes of exposure

Inhalation Skin contact Ingestion Eye contact

#### Acute toxicity

Not classified based on available information.

#### **Components:**

#### Gonadotropin, pregnant mare serum:

Acute oral toxicity	:	LD50 (Mouse): 120 mg/kg
Acute inhalation toxicity	:	Remarks: No data available
Acute dermal toxicity	:	Remarks: No data available
Acute toxicity (other routes of administration)	:	LD50 (Mouse): > 1,700 mg/kg Application Route: Intravenous
		LD50 (Mouse): > 1,700 mg/kg Application Route: Subcutaneous
		LD50 (Rat): 500 mg/kg Application Route: Intravenous
		LD50 (Rat): 500 mg/kg Application Route: Subcutaneous

#### Skin corrosion/irritation

Not classified based on available information.

### Components:

Gonadotropin, pregnant r	nare s	erum:
Remarks	:	No data available

### Serious eye damage/eye irritation

Not classified based on available information.

### Components:

### Gonadotropin, pregnant mare serum: Remarks : No data available

#### Respiratory or skin sensitization

#### Skin sensitization

Not classified based on available information.

#### **Respiratory sensitization**

Not classified based on available information.

#### **Components:**

#### Gonadotropin, pregnant mare serum:

Remarks : No data available

#### Germ cell mutagenicity

Not classified based on available information.

#### Components:

#### Gonadotropin, pregnant mare serum:

Genotoxicity in vivo	:	Test Type: Cytogenetic assay Species: Mouse Application Route: Intraperitoneal injection Result: positive Remarks: Not classified due to data which are conclusive although insufficient for classification.

#### Carcinogenicity

Not classified based on available information.

#### **Components:**

#### Gonadotropin, pregnant mare serum:

Carcinogenicity ment	y - Assess- : No data available
IARC	No ingredient of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC.
OSHA	No component of this product present at levels greater than or equal to 0.1% is on OSHA's list of regulated carcinogens.
NTP	No ingredient of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP.

### **Reproductive toxicity**

May damage fertility. Suspected of damaging the unborn child.

#### Components:

#### Gonadotropin, pregnant mare serum:

Effects on fertility	: Test Type: Fertility
-	Species: Rat
