# **Neomycin Formulation**

Version	Revision Date:	SDS Number:	Date of last issue: 04/04/2023
2.1	09/30/2023	9404844-00007	Date of first issue: 09/02/2021

### **SECTION 1. IDENTIFICATION**

Restrictions on use

Product name	:	Neomycin Formulation		
Manufacturer or supplier's	deta	ails		
Company name of supplier	:	Merck & Co., Inc		
Address	:	126 E. Lincoln Avenue		
		Rahway, New Jersey U.S.A. 07065		
Telephone	:	908-740-4000		
Emergency telephone	:	1-908-423-6000		
E-mail address	:	EHSDATASTEWARD@merck.com		
Recommended use of the chemical and restrictions on use				
Recommended use	:	Veterinary product		

Not applicable

### **SECTION 2. HAZARDS IDENTIFICATION**

GHS classification in accordance with the OSHA Hazard Communication Standard (29 CFR
1910.1200)
Combustible dust

 $\wedge$ 

Skin sensitization	:	Category 1
Reproductive toxicity	:	Category 2
Specific target organ toxicity - repeated exposure	:	Category 2 (Kidney, inner ear)
GHS label elements Hazard pictograms	:	

:

Signal Word

Hazard Statements

:	Warning
:	If small particles are generated during further processing, han- dling or by other means, may form combustible dust concentra- tions in air.

H317 May cause an allergic skin reaction.

H361d Suspected of damaging the unborn child.

H373 May cause damage to organs (Kidney, inner ear) through prolonged or repeated exposure.

**Precautionary Statements** : Prevention: P201 Obtain special instructions before use. P202 Do not handle until all safety precautions have been read and understood. P260 Do not breathe dust.

according to the OSHA Hazard Communication Standard

### **Neomycin Formulation**

ersion 1	Revision Date: 09/30/2023	SDS Number: 9404844-00007	Date of last issue: 04/04/2023 Date of first issue: 09/02/2021			
		the workplace.	nated work clothing must not be allowed out of tective gloves, protective clothing, eye protection tection.

	<b>Storage:</b> P405 Store loc	<b>Storage:</b> P405 Store locked up.				
		<b>Disposal:</b> P501 Dispose of contents and container to an approved waste disposal plant.				

Dust contact with the eyes can lead to mechanical irritation. Contact with dust can cause mechanical irritation or drying of the skin.

### SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

Substance / Mixture	: N	lixture	
Components			
Chemical name		CAS-No.	Concentration (% w/w)
Neomycin, sulfate (salt)		1405-10-3	50

### SECTION 4. FIRST AID MEASURES

General advice	:	In the case of accident or if you feel unwell, seek medical advice immediately. When symptoms persist or in all cases of doubt seek medical advice.
If inhaled	:	If inhaled, remove to fresh air. Get medical attention.
In case of skin contact	:	In case of contact, immediately flush skin with soap and plenty of water. Remove contaminated clothing and shoes. Get medical attention. Wash clothing before reuse. Thoroughly clean shoes before reuse.
In case of eye contact	:	If in eyes, rinse well with water. Get medical attention if irritation develops and persists.
If swallowed	:	If swallowed, DO NOT induce vomiting. Get medical attention. Rinse mouth thoroughly with water.
Most important symptoms and effects, both acute and	:	May cause an allergic skin reaction. Suspected of damaging the unborn child.

according to the OSHA Hazard Communication Standard

# **Neomycin Formulation**

Versio 2.1	on	Revision Date: 09/30/2023		S Number: 04844-00007	Date of last issue: 04/04/2023 Date of first issue: 09/02/2021		
delayed Protection of first-aiders		:	May cause damage to organs through prolonged or repeated exposure. Contact with dust can cause mechanical irritation or drying of the skin. Dust contact with the eyes can lead to mechanical irritation. First Aid responders should pay attention to self-protection,				
N	Notes to physician		:	and use the recommended personal protective equipment when the potential for exposure exists (see section 8). Treat symptomatically and supportively.			
SECTION 5. FIRE-FIGHTING ME		ASU	RES				
S	Suitable extinguishing media		:	Water spray Alcohol-resistant foam Carbon dioxide (CO2) Dry chemical			
	Unsuitable extinguishing media		:	None known.			
S	Specific hazards during fire fighting		:	concentrations, ar potential dust exp	dust; fine dust dispersed in air in sufficient nd in the presence of an ignition source is a losion hazard. pustion products may be a hazard to health.		
	Hazardous combustion prod- ucts		:	Carbon oxides			
	Specific extinguishing meth- ods		:	Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. Use water spray to cool unopened containers. Remove undamaged containers from fire area if it is safe to so.			
		protective equipment ighters	Evacuate area. rotective equipment : In the event of fire, wear self-contained breathing appara thers Use personal protective equipment.				

### SECTION 6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protec- tive equipment and emer- gency procedures	:	Use personal protective equipment. Follow safe handling advice (see section 7) and personal protective equipment recommendations (see section 8).
Environmental precautions	:	Avoid release to the environment. Prevent further leakage or spillage if safe to do so. Retain and dispose of contaminated wash water. Local authorities should be advised if significant spillages cannot be contained.
Methods and materials for containment and cleaning up	:	Sweep up or vacuum up spillage and collect in suitable container for disposal. Avoid dispersal of dust in the air (i.e., clearing dust surfaces with compressed air). Dust deposits should not be allowed to accumulate on surfaces, as these may form an explosive mixture if they are released into the atmosphere in sufficient concentration.

#### **SECTION 14. TRANSPORT INFORMATION**

International Regulations		
<b>UNRTDG</b> UN number Proper shipping name	:	UN 3077 ENVIRONMENTALLY HAZARDOUS SUBSTANCE, SOLID, N.O.S. (Neomycin, sulfate (salt))
Class Packing group Labels Environmentally hazardous	:	9 III 9 yes
<b>IATA-DGR</b> UN/ID No. Proper shipping name	:	UN 3077 Environmentally hazardous substance, solid, n.o.s. (Neomycin, sulfate (salt))
Class Packing group Labels Packing instruction (cargo aircraft) Packing instruction (passen- ger aircraft)		9 III Miscellaneous 956
Environmentally hazardous	:	yes
<b>IMDG-Code</b> UN number Proper shipping name	:	UN 3077 ENVIRONMENTALLY HAZARDOUS SUBSTANCE, SOLID, N.O.S.
Class Packing group Labels EmS Code Marine pollutant		(Neomycin, sulfate (salt)) 9 III 9 F-A, S-F yes

### Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

Not applicable for product as supplied.

### **Domestic regulation**

49 CFR		
UN/ID/NA number	:	UN 3077
Proper shipping name	:	Environmentally hazardous substance, solid, n.o.s. (Neomycin, sulfate (salt))
Class	:	9
Packing group	:	
Labels	:	CLASS 9
ERG Code	:	171
Marine pollutant	:	yes(Neomycin, sulfate (salt))
Remarks	:	Above applies only to containers over 119 gallons or 450 liters.
		Shipment by ground under DOT is non-regulated; however it

according to the OSHA Hazard Communication Standard

Version	Revision Date:	SDS Number:	Date of last issue: 04/04/2023
2.1	09/30/2023	9404844-00007	Date of first issue: 09/02/2021

may be shipped per the applicable hazard classification to facilitate multi-modal transport involving ICAO (IATA) or IMO.

#### Special precautions for user

The transport classification(s) provided herein are for informational purposes only, and solely based upon the properties of the unpackaged material as it is described within this Safety Data Sheet. Transportation classifications may vary by mode of transportation, package sizes, and variations in regional or country regulations.

### **SECTION 15. REGULATORY INFORMATION**

#### **CERCLA Reportable Quantity**

This material does not contain any components with a CERCLA RQ.

#### SARA 304 Extremely Hazardous Substances Reportable Quantity

This material does not contain any components with a section 304 EHS RQ.

#### SARA 302 Extremely Hazardous Substances Threshold Planning Quantity

This material does not contain any components with a section 302 EHS TPQ.

SARA 311/312 Hazards	:	Combustible dust Respiratory or skin sensitization Reproductive toxicity Specific target organ toxicity (single or repeated exposure)
SARA 313	:	This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

### **US State Regulations**

Pennsylvania Right To Know				
Lactose	63-42-3			
Neomycin, sulfate (salt)	1405-10-3			

#### California Prop. 65

WARNING: This product can expose you to chemicals including Neomycin, sulfate (salt), which is/are known to the State of California to cause birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

#### The ingredients of this product are reported in the following inventories:

AICS	:	not determined
DSL	:	not determined
IECSC	:	not determined

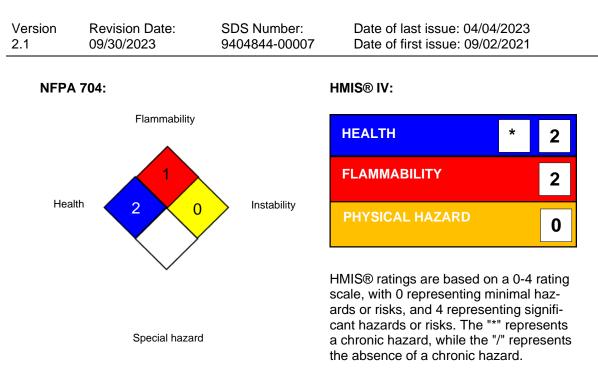

### **SECTION 16. OTHER INFORMATION**

#### Further information

according to the OSHA Hazard Communication Standard

# **Neomycin Formulation**

### Full text of other abbreviations

CAL PEL	:	California permissible exposure limits for chemical contami- nants (Title 8, Article 107)
OSHA Z-3	:	USA. Occupational Exposure Limits (OSHA) - Table Z-3 Mineral Dusts
CAL PEL / PEL	:	Permissible exposure limit
OSHA Z-3 / TWA	:	8-hour time weighted average

Sources of key data used to compile the Material Safety Data Sheet	:	Internal technical data, data from raw material SDSs, OECD eChem Portal search results and European Chemicals Agen- cy, http://echa.europa.eu/
Revision Date	:	09/30/2023

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and shall not be considered a warranty or quality specification of any type. The information provided relates only to the specific material identified at the top of this SDS and may not be valid when the SDS material is used in combination with any other materials or in any process, unless specified in the text. Material users should review the information and recommendations in the specific context of their intended manner of handling, use, processing and storage, including an assessment of the appropriateness of the SDS material in the user's end product, if applicable.
