## Ertugliflozin (< 5%) / Sitagliptin Formulation

Version	Revision Date:	SDS Number:	Date of last issue: 03/06/2023
3.1	09/30/2023	2400336-00014	Date of first issue: 02/01/2018

### **SECTION 1. IDENTIFICATION**

Product name	:	Ertugliflozin (< 5%) / Sitagliptin Formulation
Other means of identification	:	No data available

### Manufacturer or supplier's details

Company name of supplier	:	Merck & Co., Inc
Address	:	126 E. Lincoln Avenue
		Rahway, New Jersey U.S.A. 07065
Telephone	:	908-740-4000
Emergency telephone	:	1-908-423-6000
E-mail address	:	EHSDATASTEWARD@merck.com

### Recommended use of the chemical and restrictions on use

Recommended use	: Pharmaceutical
Restrictions on use	: Not applicable

### **SECTION 2. HAZARDS IDENTIFICATION**

GHS classification in accordance with the Hazardous Products Regulations						
Skin irritation	:	Category 2				
Serious eye damage	:	Category 1				
Skin sensitization	:	Category 1				
Specific target organ toxicity - repeated exposure (Oral)	:	Category 2 (Kidney, Stomach, Prostate)				
GHS label elements						
Hazard pictograms	:					
Signal Word	:	Danger				
Hazard Statements	:	<ul> <li>H315 Causes skin irritation.</li> <li>H317 May cause an allergic skin reaction.</li> <li>H318 Causes serious eye damage.</li> <li>H373 May cause damage to organs (Kidney, Stomach, Prostate) through prolonged or repeated exposure if swallowed.</li> </ul>				
Precautionary Statements	:	Prevention: P260 Do not breathe dust. P264 Wash skin thoroughly after handling. P272 Contaminated work clothing should not be allowed out of the workplace. P280 Wear protective gloves, eye protection and face protec-				

Version 3.1	Revision Date: 09/30/2023	SDS Number: 2400336-00014	Date of last issue: 03/06/2023 Date of first issue: 02/01/2018		
		P305 + P351 + water for severa and easy to do. CENTER. P314 Get medi P333 + P313 If tion.	FON SKIN: Wash with plenty of water. P338 + P310 IF IN EYES: Rinse cautiously with al minutes. Remove contact lenses, if present Continue rinsing. Immediately call a POISON cal attention if you feel unwell. skin irritation or rash occurs: Get medical atten- ake off contaminated clothing and wash it before		
		<b>Disposal:</b> P501 Dispose o disposal plant.	P501 Dispose of contents and container to an approved waste		

### Other hazards

May form explosive dust-air mixture during processing, handling or other means.

### SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

Substance / Mixture : Mixture

### Components

Chemical name	Common Name/Synonym	CAS-No.	Concentration (% w/w)
Sitagliptin	No data availa- ble	654671-77-9	>= 30 - < 60 *
Cellulose	No data availa- ble	9004-34-6	>= 10 - < 30 *
Ertugliflozin	No data availa- ble	1210344-83-4	>= 1 - < 5 *
Magnesium stearate	Octadecanoic acid, magnesi- um salt (2:1)	557-04-0	>= 1 - < 5 *
Propyl 3,4,5- trihydroxybenzoate	Benzoic acid, 3,4,5-trihydroxy- , propyl ester	121-79-9	>= 0.1 - < 1 *

Actual concentration or concentration range is withheld as a trade secret

### SECTION 4. FIRST AID MEASURES

General advice	<ul> <li>In the case of accident or if you feel unwell, seek med advice immediately.</li> <li>When symptoms persist or in all cases of doubt seek advice.</li> </ul>	
If inhaled	: If inhaled, remove to fresh air. Get medical attention if symptoms occur.	
In case of skin contact	: In case of contact, immediately flush skin with plenty of	of water

Versior 3.1	Revision Date: 09/30/2023	SDS Number: 2400336-00014	Date of last issue: 03/06/2023 Date of first issue: 02/01/2018				
		and shoes. Get medical a Wash clothing Thoroughly cl	for at least 15 minutes while removing contaminated clothing and shoes. Get medical attention. Wash clothing before reuse. Thoroughly clean shoes before reuse.				
In case of eye contact		for at least 15 If easy to do,	<ul> <li>In case of contact, immediately flush eyes with plenty of water for at least 15 minutes.</li> <li>If easy to do, remove contact lens, if worn.</li> <li>Get medical attention immediately.</li> </ul>				
lf s	swallowed	: If swallowed, Get medical a	DO NOT induce vomiting. attention if symptoms occur. thoroughly with water.				
an	ost important symptoms d effects, both acute and layed	Causes serio	allergic skin reaction. us eye damage. amage to organs through prolonged or repeated				
	otection of first-aiders tes to physician	: First Aid resp and use the r when the pote	onders should pay attention to self-protection, ecommended personal protective equipment ential for exposure exists (see section 8). matically and supportively.				

### SECTION 5. FIRE-FIGHTING MEASURES

Suitable extinguishing media	:	Water spray Alcohol-resistant foam Carbon dioxide (CO2) Dry chemical
Unsuitable extinguishing media	:	None known.
Specific hazards during fire fighting	:	Avoid generating dust; fine dust dispersed in air in sufficient concentrations, and in the presence of an ignition source is a potential dust explosion hazard. Exposure to combustion products may be a hazard to health.
Hazardous combustion prod- ucts	:	Carbon oxides Metal oxides Oxides of phosphorus
Specific extinguishing meth- ods	:	Use extinguishing measures that are appropriate to local cir- cumstances and the surrounding environment. Use water spray to cool unopened containers. Remove undamaged containers from fire area if it is safe to do so. Evacuate area.
Special protective equipment for fire-fighters	:	In the event of fire, wear self-contained breathing apparatus. Use personal protective equipment.

### SECTION 6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protec- :	:	Use personal protective equipment.
tive equipment and emer-		Follow safe handling advice (see section 7) and personal
gency procedures		protective equipment recommendations (see section 8).

Version 3.1	Revision Date: 09/30/2023		DS Number: 00336-00014	Date of last issue: 03/06/2023 Date of first issue: 02/01/2018	
Environmental precautions		:	Avoid release to the environment. Prevent further leakage or spillage if safe to do so. Retain and dispose of contaminated wash water. Local authorities should be advised if significant spillages cannot be contained.		
Methods and materials for : containment and cleaning up		:	container for disp Avoid dispersal of with compressed Dust deposits sho surfaces, as these released into the Local or national disposal of this m employed in the of determine which the Sections 13 and	f dust in the air (i.e., clearing dust surfaces	

### SECTION 7. HANDLING AND STORAGE

Technical measures	:	Static electricity may accumulate and ignite suspended dust causing an explosion. Provide adequate precautions, such as electrical grounding and bonding, or inert atmospheres.
Local/Total ventilation Advice on safe handling	:	Use only with adequate ventilation. Do not get on skin or clothing. Do not breathe dust. Do not swallow. Do not get in eyes. Wash skin thoroughly after handling. Handle in accordance with good industrial hygiene and safety practice, based on the results of the workplace exposure assessment Keep container tightly closed. Minimize dust generation and accumulation. Keep container closed when not in use. Keep away from heat and sources of ignition. Take precautionary measures against static discharges. Take care to prevent spills, waste and minimize release to the environment.
Conditions for safe storage	:	Keep in properly labeled containers. Keep tightly closed. Store in accordance with the particular national regulations.
Materials to avoid	:	Do not store with the following product types: Strong oxidizing agents

### SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

### Ingredients with workplace control parameters

Version 3.1	Revision Date: 09/30/2023	SDS Number: 2400336-00014		t issue: 03/06/2023 t issue: 02/01/2018	
Comp	oonents	CAS-No.	Value type (Form of exposure)	Control parame- ters / Permissible concentration	Basis
Sitagl	iptin	654671-77-9	TŴA	0.5 mg/m3 (OEB 2)	Internal
Cellul	ose	9004-34-6	TWA	10 mg/m <sup>3</sup>	CA AB OEL
			TWA (Total dust)	10 mg/m <sup>3</sup>	CA BC OEL

			TWA (Inhalable particulate matter)	10 mg/m <sup>3</sup>	ACGIH
			TWA (Respirable particulate matter)	3 mg/m <sup>3</sup>	ACGIH

Engineering measures :	All engineering controls should be implemented by facility design and operated in accordance with GMP principles to protect products, workers, and the environment. Containment technologies suitable for controlling compounds are required to control at source and to prevent migration of the compound to uncontrolled areas (e.g., open-face containment devices). Minimize open handling.
Personal protective equipmen	t
Respiratory protection :	If adequate local exhaust ventilation is not available or exposure assessment demonstrates exposures outside the recommended guidelines, use respiratory protection.
Filter type : Hand protection	Particulates type
Material :	Chemical-resistant gloves
Remarks : Eye protection :	Consider double gloving. Wear safety glasses with side shields or goggles. If the work environment or activity involves dusty conditions,

Version 3.1	Revision Date: 09/30/2023	SDS Number: 2400336-00014	Date of last issue: 03/06/2023 Date of first issue: 02/01/2018
Skin	and body protection	Wear a faceshi potential for dire aerosols.	Is, wear the appropriate goggles. eld or other full face protection if there is a ect contact to the face with dusts, mists, or r laboratory coat.

### SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance	:	powder
Color	:	No data available
Odor	:	No data available
Odor Threshold	:	No data available
рН	:	No data available
Melting point/freezing point	:	No data available
Initial boiling point and boiling range	:	No data available
Flash point	:	Not applicable
Evaporation rate	:	Not applicable
Flammability (solid, gas)	:	May form explosive dust-air mixture during processing, handling or other means.
Flammability (liquids)	:	No data available
Upper explosion limit / Upper flammability limit	:	No data available
Lower explosion limit / Lower flammability limit	:	No data available

Version Revision Date: 3.1 09/30/2023	SDS Number:Date of last issue: 03/06/20232400336-00014Date of first issue: 02/01/2018
Vapor pressure	: Not applicable
Relative vapor density	: Not applicable
Relative density	: No data available
Density	: No data available
Solubility(ies) Water solubility	: No data available
Partition coefficient: n- octanol/water	: Not applicable
Autoignition temperature	: No data available
Decomposition temperature	: No data available
Viscosity Viscosity, kinematic	: Not applicable
Explosive properties	: Not explosive
Oxidizing properties	: The substance or mixture is not classified as oxidizing.
Molecular weight	: No data available
Particle size	: No data available

### SECTION 10. STABILITY AND REACTIVITY

Reactivity Chemical stability Possibility of hazardous reac- tions	:	Not classified as a reactivity hazard. Stable under normal conditions. May form explosive dust-air mixture during processing, handling or other means. Can react with strong oxidizing agents.
Conditions to avoid	:	Heat, flames and sparks. Avoid dust formation.
Incompatible materials Hazardous decomposition products		Oxidizing agents No hazardous decomposition products are known.

SECTI	ION 13	3. DISPOSAL CONSI	DER	ATIONS	

### Disposal methods

Waste from residues	: Do not dispose of waste into sewer. Dispose of in accordance with local regulations.
Contaminated packaging	: Empty containers should be taken to an approved waste handling site for recycling or disposal. If not otherwise specified: Dispose of as unused product.

### **SECTION 14. TRANSPORT INFORMATION**

### International Regulations

### UNRTDG

Not regulated as a dangerous good

### **IATA-DGR** Not regulated as a dangerous good

**IMDG-Code** Not regulated as a dangerous good

### Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

Not applicable for product as supplied.

### **Domestic regulation**

### TDG

Not regulated as a dangerous good

### Special precautions for user

Not applicable

according to the Hazardous Products Regulations

## Ertugliflozin (< 5%) / Sitagliptin Formulation
