# Sitagliptin Formulation

Version	Revision Date:	SDS Number:	Date of last issue: 03/07/2023
4.1	09/26/2023	17288-00025	Date of first issue: 09/30/2014

## **SECTION 1. IDENTIFICATION**

Product name	:	Sitagliptin Formulation
Other means of identification	:	No data available

#### Manufacturer or supplier's details

Company name of supplier	:	Merck & Co., Inc
Address	:	126 E. Lincoln Avenue
		Rahway, New Jersey U.S.A. 07065
Telephone	:	908-740-4000
Emergency telephone	:	1-908-423-6000
E-mail address	:	EHSDATASTEWARD@merck.com

## Recommended use of the chemical and restrictions on use

Recommended use	: Pharmaceutical
Restrictions on use	: Not applicable

### **SECTION 2. HAZARDS IDENTIFICATION**

GHS classification in accordance with the Hazardous Products Regulations				
Eye irritation	:	Category 2A		
Skin sensitization	:	Category 1		
GHS label elements				
Hazard pictograms	:			
Signal Word	:	Warning		
Hazard Statements	:	H317 May cause an allergic skin reaction. H319 Causes serious eye irritation.		
Precautionary Statements	:	<ul> <li>Prevention:</li> <li>P261 Avoid breathing dust.</li> <li>P264 Wash skin thoroughly after handling.</li> <li>P272 Contaminated work clothing should not be allowed out of the workplace.</li> <li>P280 Wear protective gloves, eye protection and face protection.</li> <li>Response:</li> <li>P302 + P352 IF ON SKIN: Wash with plenty of water.</li> <li>P305 + P351 + P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.</li> <li>P333 + P313 If skin irritation or rash occurs: Get medical attention.</li> </ul>		

according to the Hazardous Products Regulations

# **Sitagliptin Formulation**

Version	Revision Date:	SDS Number:	Date of last issue: 03/07/2023	
4.1	09/26/2023	17288-00025	Date of first issue: 09/30/2014	

P337 + P313 If eye irritation persists: Get medical attention. P362 + P364 Take off contaminated clothing and wash it before reuse.

#### **Disposal:**

P501 Dispose of contents and container to an approved waste disposal plant.

### Other hazards

Contact with dust can cause mechanical irritation or drying of the skin. May form explosive dust-air mixture during processing, handling or other means.

### SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

Substance / Mixture : Mixture

### Components

- 	-		
Chemical name	Common Name/Synonym	CAS-No.	Concentration (% w/w)
Sitagliptin	No data availa- ble	654671-77-9	>= 30 - < 60 *
Cellulose	No data availa- ble	9004-34-6	>= 10 - < 30 *
Magnesium stearate	m stearate Octadecanoic acid, magnesi- um salt (2:1)		>= 1 - < 5 *
Titanium dioxide	Titanic anhy- dride	13463-67-7	>= 0.1 - < 1 *
Propyl 3,4,5- trihydroxybenzoate	Benzoic acid, 3,4,5-trihydroxy- , propyl ester	121-79-9	>= 0.1 - < 1 *

\* Actual concentration or concentration range is withheld as a trade secret

## **SECTION 4. FIRST AID MEASURES**

General advice	<ul> <li>In the case of accident or if you feel unwell, seek medical advice immediately.</li> <li>When symptoms persist or in all cases of doubt seek medical advice.</li> </ul>
If inhaled	<ul> <li>If inhaled, remove to fresh air.</li> <li>Get medical attention if symptoms occur.</li> </ul>
In case of skin contact	<ul> <li>In case of contact, immediately flush skin with soap and plenty of water.</li> <li>Remove contaminated clothing and shoes.</li> <li>Get medical attention.</li> <li>Wash clothing before reuse.</li> <li>Thoroughly clean shoes before reuse.</li> </ul>
In case of eye contact	<ul> <li>In case of contact, immediately flush eyes with plenty of water for at least 15 minutes.</li> <li>If easy to do, remove contact lens, if worn.</li> <li>Get medical attention.</li> </ul>

# Sitagliptin Formulation

Version 4.1	Revision Date: 09/26/2023	SDS Number: 17288-00025	Date of last issue: 03/07/2023 Date of first issue: 09/30/2014		
If swallowed		: If swallowed, DO NOT induce vomiting. Get medical attention if symptoms occur. Rinse mouth thoroughly with water.			
Most important symptoms and effects, both acute and delayed		: May cause a Causes serio	May cause an allergic skin reaction. Causes serious eye irritation. Contact with dust can cause mechanical irritation or drying of		
Prote	ction of first-aiders	<ul> <li>First Aid responders should pay attention to self-protection and use the recommended personal protective equipment when the potential for exposure exists (see section 8).</li> </ul>			
Notes	s to physician	: Treat sympto	matically and supportively.		

### **SECTION 5. FIRE-FIGHTING MEASURES**

Suitable extinguishing media		Alcohol-resistant foam Carbon dioxide (CO2) Dry chemical
Unsuitable extinguishing media	:	None known.
Specific hazards during fire fighting	:	Avoid generating dust; fine dust dispersed in air in sufficient concentrations, and in the presence of an ignition source is a potential dust explosion hazard. Exposure to combustion products may be a hazard to health.
Hazardous combustion prod- ucts	:	Carbon oxides Metal oxides Oxides of phosphorus
Specific extinguishing meth- ods	:	Use extinguishing measures that are appropriate to local cir- cumstances and the surrounding environment. Use water spray to cool unopened containers. Remove undamaged containers from fire area if it is safe to do so. Evacuate area.
Special protective equipment for fire-fighters	:	In the event of fire, wear self-contained breathing apparatus. Use personal protective equipment.

### SECTION 6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protec- tive equipment and emer- gency procedures	:	Use personal protective equipment. Follow safe handling advice (see section 7) and personal protective equipment recommendations (see section 8).
Environmental precautions	:	Avoid release to the environment. Prevent further leakage or spillage if safe to do so. Retain and dispose of contaminated wash water. Local authorities should be advised if significant spillages cannot be contained.
Methods and materials for containment and cleaning up	:	Sweep up or vacuum up spillage and collect in suitable container for disposal. Avoid dispersal of dust in the air (i.e., clearing dust surfaces with compressed air).

according to the Hazardous Products Regulations

Version 4.1	Revision Date: 09/26/2023	SDS Number: 17288-00025	Date of last issue: 03/07/2023 Date of first issue: 09/30/2014
		surfaces, as the released into the Local or nation disposal of the employed in the determine whe Sections 13 a	should not be allowed to accumulate on hese may form an explosive mixture if they are the atmosphere in sufficient concentration. hal regulations may apply to releases and s material, as well as those materials and items he cleanup of releases. You will need to ch regulations are applicable. hd 15 of this SDS provide information regarding r national requirements.
SECTION	7. HANDLING AND	STORAGE	
Tech	nical measures	causing an ex	ty may accumulate and ignite suspended dust plosion. uate precautions, such as electrical grounding

	and bonding, or inert atmospheres.
Local/Total ventilation :	Use only with adequate ventilation.
Advice on safe handling :	Do not get on skin or clothing.
-	Avoid breathing dust.
	Do not swallow.
	Do not get in eyes.
	Wash skin thoroughly after handling.
	Handle in accordance with good industrial hygiene and safety
	practice, based on the results of the workplace exposure
	assessment
	Minimize dust generation and accumulation.
	Keep container closed when not in use.
	Keep away from heat and sources of ignition.
	Take precautionary measures against static discharges.
	Take care to prevent spills, waste and minimize release to the environment.
Conditions for safe storage :	
0	Store in accordance with the particular national regulations.
Materials to avoid :	Do not store with the following product types:

## SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

## Ingredients with workplace control parameters

Components	CAS-No.	Value type (Form of exposure)	Control parame- ters / Permissible concentration	Basis

This substance(s) is not bioavailable and therefore does not contribute to a dust inhalation hazard.

Titanium dioxide

Engineering measures	:	Use feasible engineering controls to minimize exposure to compound. All engineering controls should be implemented by facility design and operated in accordance with GMP principles to protect products, workers, and the environment.
Personal protective equipme	nt	
Respiratory protection	:	If adequate local exhaust ventilation is not available or exposure assessment demonstrates exposures outside the recommended guidelines, use respiratory protection.
Filter type Hand protection	:	Particulates type
Material	:	Chemical-resistant gloves
Eye protection	•	Wear safety glasses with side shields or goggles. If the work environment or activity involves dusty conditions, mists or aerosols, wear the appropriate goggles. Wear a faceshield or other full face protection if there is a potential for direct contact to the face with dusts, mists, or aerosols.

### SECTION 10. STABILITY AND REACTIVITY

Reactivity Chemical stability Possibility of hazardous reac- tions		Not classified as a reactivity hazard. Stable under normal conditions. May form explosive dust-air mixture during processing, handling or other means. Can react with strong oxidizing agents.
Conditions to avoid	:	Heat, flames and sparks. Avoid dust formation.
Incompatible materials	:	Oxidizing agents
Hazardous decomposition products	:	No hazardous decomposition products are known.

### SECTION 11. TOXICOLOGICAL INFORMATION

Information on likely routes of exposure Inhalation

Skin contact Ingestion Eye contact

## Acute toxicity

Not classified based on available information.

SEC	TION 1	3. DISPOSAL CONSI	DEF	RATIONS	

Disposal methods		
Waste from residues	: Do not dispose of waste into sewer.	
	Dispose of in accordance with local regulations.	
Contaminated packaging	: Empty containers should be taken to an approved waste handling site for recycling or disposal. If not otherwise specified: Dispose of as unused product.	

### **SECTION 14. TRANSPORT INFORMATION**

#### **International Regulations**

#### UNRTDG

Not regulated as a dangerous good

#### IATA-DGR

Not regulated as a dangerous good

#### IMDG-Code

Not regulated as a dangerous good

### Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

Not applicable for product as supplied.

#### **Domestic regulation**

TDG

Not regulated as a dangerous good

#### Special precautions for user

Not applicable

### **SECTION 15. REGULATORY INFORMATION**

#### The ingredients of this product are reported in the following inventories:

AICS : not determined
