Paul J. Diaz

Director since 2026

Committees: Audit & Research

Experience

Mr. Diaz currently serves as Managing Partner of Cressey & Company, a healthcare-focused private investment firm, and has wide-ranging leadership and business expertise in the healthcare industry. Previously, he was President & Chief Executive Officer of Myriad Genetics, Inc., a precision medicine and genetic testing company. Before that, Mr. Diaz served as President & Chief Executive Officer of Kindred Healthcare, Inc., a Fortune 500 healthcare services company. These roles, in addition to his directorship on the board of Centene Corporation, provide him with valuable experience with respect to complex issues in the healthcare industry. Mr. Diaz also serves on the Board of Trustees of Johns Hopkins Medicine and the Board of Visitors of the Georgetown University Law Center. He earned his BS in Finance and Accounting from American University's Kogod School of Business and a JD from the Georgetown University Law Center in Washington, D.C.
